Current Affairs 2026

One Hundred More Questions for CLAT 2027 | Set 2 | 100 questions | 100 marks

INSTRUCTIONS

This is the second set of one hundred questions on current affairs of 2026, arranged in seven themes that do not repeat the first set. Every question carries one mark, and there is no negative marking.

The questions cover January to November 2026, with a few items from late 2025 that remain relevant. Static facts are included where CLAT has habitually paired them with current events.

Suggested time is 45 minutes, giving about 27 seconds a question. The answer key and a one-line explanation for each question follow the paper.
